A Message From the Labs of Q-Based Solutions, Inc.

Our ground-breaking Bed Bug system was developed by the committed professionals and research scientists at Q-Based Solutions, Inc. Q-Based is dedicated to providing effective commercial and residential Bed Bug Management. Furthermore, Q-Based specializes on Bed Bugs and other parasites. This allows us to concentrate all of our efforts on providing you with the best possible parasite control and treatment solutions. Our products have been proven in laboratory tests and field studies, as well as with current customers who can attest to their effectiveness. We pride ourselves in building business relationships and meeting the needs of our customers. To learn more, please visit www.QBased.com.

COMMERCIAL BED BUG MANAGEMENT

Bed Bug Bureau™ is our commercial Bed Bug division. Bed Bug Bureau™ provides safe, effective, and covert commercial-level Bed Bug solution systems for a variety of different businesses. The Bed Bug Bureau™ system allows businesses to control your Bed Bugs in a quiet and stealthy manner so that your clients/customers do not have to worry about any one ever knowing. Some of the major types of multi-person dwellings our system can be implemented include: hotels (from 1 star to even pristine 5 star hotels), apartment complexes and other rental properties, academic institutions, shelters, and even government housing. To learn more, please visit BedBugbureau.com.

Dead Bed Bugs™ is our residential Bed Bug division. We understand that having Bed Bugs within a person's home is embarrassing and can be scary. Fortunately, the Dead Bed Bugs™ team has spent years helping thousands of consumers effectively handle their Bed Bug problems in a quiet, affordable, and easy way. For more information, please see DeadBedBugs.com.

With All Stop™ Brand Products, the claim is in the name. The stopping power of All Stop™ does three main things: Stop Parasites, Stop Parasites from spreading within your environment and onto other people, and Stop the painful skin ailments that parasites sometimes can cause. Developed in FDA labs, our entire line of All Stop™ products are eco-friendly and are fast-acting and effective. Among some of the parasites and ailments our products treat are Bed Bugs, Lice, Athletes Foot, Poison Ivy, Ringworm, and even Scabies. To find out more, please visit www.AllStop.com.

Contact Us

Be Proactive – Not Reactive

Don't leave your valuable property assets exposed to:

- **Loss rental revenues**
- **Outraged consumer complaints**
- **Negative impact to revenue per available room**
- **Legal liability risk**
- **Employee workplace hazards**
- **Expensive recurring exterminator bills**

Contact our commercial sales division immediately to start planning your comprehensive bed bug mitigation strategy. Don't wait until a guest or tenant is standing in your lobby complaining loudly about being bitten by parasites while they sleep.
